

Extended Project Qualification

About the course

This is a Level 3 qualification. It is graded and carries the same UCAS points as an AS Level and can be taken as a free-standing qualification.

The course offers students a unique opportunity to develop essential skills for higher education and the workplace, in a subject area of their own choice.

The Extended Project gives students more control over their study than ever before. You have a free choice of project topic, so you can choose to explore a further aspect of a subject you're studying, or another subject, or choose a topic in which you have a personal interest.

This level of choice and flexibility means students are engaged and motivated and gain valuable research and project management skills along the way.

You have to:

- Choose a topic of your choice to study
- Complete a Production Log to document your project process
- Plan, research and write up their findings of your project
- Prepare and deliver a presentation on the outcome.

Examples of projects chosen

- Design and create a Sixth Form magazine
- Domestic Violence and its effects on the family
- Is God real?
- Gender equality in the police

How it will be assessed

Students complete a Production Log as they carry out their projects and at the end they must deliver a presentation which should be for a non-specialist audience.

What it prepares you for

The project will attract UCAS points (for entry to universities). Students might use the project at interview stage for higher education and/or in their Personal Statement on their UCAS form.

The project will develop important independent learning and study skills that will improve the chances of success when progressing to higher education or employment.
